

# Primus

electric instantaneous water heater

## Most important advantages

**Copper shielded heating elements**  
Reliable technology ensures long life, resistance to water decay and air bubbles.

**Fine-stream spray-head** guarantees comfortable use and savings on water and energy up to 50%.

**Regulating valve** allows for setting comfortable temperature at a maximum possible flow of water.

The water heater is a non-pressure appliance, it can only be connected to a three-way tap, included in the set.
